### Maddy

asked You might have the flu

your throat is on fire.

your nose is running like a faucet or stopped up like a clogged drain.

you're burning up with fev-ah.

you're chillin' with the chills.

your head is pounding.

you're coughing like there's no tomorrow.

any combination of the above symptoms...

Lila

True. Don't share personal items. If you have to, wash hands often and keep hands away from your mouth

More Info

Take the pledge to not share germs that spread the flu!

Ways to Stop the Flu:

- Get your flu vaccine every year.

- Cover your mouth with a tissue or sneeze or cough into your elbow.

- Wash your hands often.

- Stay home from school and other activities when you are sick.

- Don't share personal items, such as makeup, chapstick, or water bottles.
