

Telehealth Patient Assessment

NATIONAL ASSOCIATION OF
Community Health Centers®

JSI and the National Association of Community Health Centers (NACHC) are administering a patient assessment to learn about patients' experience with telehealth.

Take the brief assessment to share about your telehealth experience!

The assessment is available both in English and Spanish

La encuesta está disponible en español e inglés

To take the assessment, scan this QR code with your phone camera or visit <https://tinyurl.com/nachc-assessment>

FAQs

What is the assessment's purpose?

To better understand patient experiences with telehealth and recommend changes that improve patient experience.

How long is the assessment and what does the assessment ask?

The assessment is anonymous and takes less than 5 minutes to complete.

The assessment asks questions in three areas: patient telehealth history, telehealth experience, and demographics.

Patients who complete the assessment and enter their email address (optional) will be entered into a lottery for one of ten \$50 gift cards.
